LABINCO Fresh cowâ??s milk stirrer in refrigerator coffee machines

Description

This in is a magnetic stirrer built into a refrigerator. This is to keep fresh milk moving at a low speed so the cream doesnâ??t float. It is a separate refrigerator that sits next to a coffee machine and so you always have nice fresh milk with your cappuccino or latte.

All our custom made products are designed / developed and created in our own factory in The Netherlands.
Custom made product, let us know your wishes.
